1 Ocean Park Rd, Shark Bay, Western Australia, 6537
Join us for a day filled with adventure and excitement! Francois Peron National Park sits on the tip of the Peron Peninsula in Shark Bay and is a mecca for nature lovers around the world. Francois Peron National Park was named after the French naturalist and explorer, Francois Peron (1775 – 1810). In 1801 he travelled as a naturalist on the expedition of Nicolas Baudin, who came to Australia on an exploratory expedition under instruction from Napoleon Bonaparte. The expedition mapped much of Australia’s southwestern and southern coastline, including Tasmania.

Your tour guide will take you to Cape Peron, where crystal blue waters, soft white sand and rugged red dunes meet. Spot Shark Bay’s amazing marine life from Skipjack Point, where turtles, dolphins, dugongs, sharks and rays forage in the shallow waters. Francois Peron National Park is an excellent four-wheel driving area. Red sand dunes covered by acacia and surrounded by the beautiful waters of the Shark Bay World Heritage area. As you 4WD around Francois Peron National Park, your tour guide will immerse you in the rich pastoral history of the area. Dramatic cliffs and white sandy beaches complete the picturesque natural landscape. The Park is home to many rare and endangered species including euros, thorny devils, racehorse goannas, emus, fairy-wrens and thick billed grasswrens. Weather permitting, we can also take a dip at Bottle Bay and snorkel for elusive marine wonders. At the end of your day, relax in the Peron Homestead hot tub before being dropped off at your accommodation.
